

Module: m/05/501

'Preparing your timeware® system: Access control...'

The following module should be completed for every timeware® installation implementing access control.

1. To prepare timeware® Access control settings, select the Tables menu, Access Control, then Access Patterns.

Next, define the new access pattern.

	From	To	Type
Time zone 01:	06:00	23:00	All days
Time zone 02:	:	:	
Time zone 03:	:	:	
Time zone 04:	:	:	
Time zone 05:	:	:	
Time zone 06:	:	:	
Time zone 07:	:	:	
Time zone 08:	:	:	
Time zone 09:	:	:	
Time zone 10:	:	:	

Click <Update> to save the access pattern and <Close> to return to the agenda.

2. To prepare timeware® Access Free Zones, select the Tables menu Access Control, then Access Free Zone.

Click <Add> to create a new description and define up to 10 free zones.

	From	To	Type
Free zone 01:	12:00	13:00	Mon-Thu
Free zone 02:	12:30	13:30	Friday
Free zone 03:	:	:	
Free zone 04:	:	:	
Free zone 05:	:	:	
Free zone 06:	:	:	
Free zone 07:	:	:	
Free zone 08:	:	:	
Free zone 09:	:	:	
Free zone 10:	:	:	

Finally, click <Update> to save the free zone and return to the menu.
